

ROBERT C. GOOYER, AIA, FHF1

FIRM RCG Architecture

EDUCATION Bachelor of Architecture, University of Arizona, 1976

YEARS EXPERIENCE 25+

REGISTRATION Registered Architect, California (C-11,242)
NCARB Certificate #50961

QUALIFICATIONS Mr. Gooyer is a senior medical facilities architect with extensive experience having completed over 100+ medical projects ranging from 500 sq.ft. to over 300,000 sq.ft. in size. His experience ranges from all aspects of medical projects from complete acute medical facilities, skilled nursing facilities, medical office buildings to numerous specialty items such as morgues, ER radiology suites, cardiac cath labs, MRI units, CT scanners, linear accelerators and research labs.

Mr. Gooyer has extensive experience in all phases of the project from initial programming to contract administration and project close-out, so vital to the satisfactory conclusion of a complex project.
